How likely is it that OMB will not request further significant changes? I am hesitant to spend the time it will take to update the proposed FIP until we know for sure that this is very close to the version that is likely to be signed.

Thanks,

Claudia

Joan,

Per our discussion this afternoon regarding Elliott's comments on the U&O FIP, here is the very latest version of the NSPS that reflects any minor changes made since the rule went to OMB. As you mentioned, this will allow the FIP team to respond to Elliott's comment that the FIP should accurately reflect (where intended) the NSPS final rule rather than what was in the September proposal, given the significant changes since proposal.

Of course this is not to be distributed.

Hope this is helpful,

Bruce
